Professional Experience

FrontEnd Developer, *International Firm (Malta)* 2023 – 2024

Developed a gaming-related website for an international gaming company using React, Next.js, TypeScript, Strapi and Firebase. The platform, actively used in 9 countries, provides detailed information about games, certification details, and user management panels.

FrontEnd Developer, *IdeaSoft Yazılım* 2022 – 2023

Developed and categorized products for over 300 online shopping websites using React, TypeScript, and Twig. Implemented pixel-perfect designs based on Figma prototypes, ensuring high-quality and precise UI development.

FrontEnd Developer, *Karaca Zuccaciye* 2018 – 2021

Actively contributed to the official online shopping website using React and TypeScript. Redesigned its infrastructure by implementing a component-based architecture and integrating APIs through endpoints, enhancing performance and maintainability.

FrontEnd Developer, *Itopya Computer* 2016 – 2018

Actively contributed to the official online shopping website using HTML, CSS, and JavaScript. Designed and optimized online sales processes for a platform that sells prebuilt PC systems.

Web Developer, *Gold Computer* 2014 – 2016

Actively contributed to the official online shopping website using HTML, CSS, JavaScript, and jQuery. Developed and optimized online sales processes for a high-traffic platform handling thousands of orders daily.
